About us

W E D D I N G O R G A N I Z E R

Blanc Weddings is in the wedding planning field since more than 20 years thanks to the experience and expertise of its founder and managing director Valentina Moneglia.

Blanc Weddings organizes high level weddings all over Italy with a particular care for its region of origin, Tuscany. The service is always tailor made and flexible to allow a full planning based on the character and taste of the clients.

Since 2019 Blanc Weddings has merged with Genius Eventi, a luxury event agency specialized in the organization of corporate and private events together with fashion shows and exclusive parties. It all gave Blanc another impulse of novelty and creativity, also thanks to the synergy with the headquarter agency Genius Progetti, international leader in the event production and exhibition stands since more than 25 years.

DESTINATION WEDDINGS

Blanc Wedding's specialties are destination weddings in Italy ... but not only that! It takes care of the design, the style, the coordination of all the suppliers, always following the desires of its clients.

At Blanc Weddings the planning starts with a videocall to know the couple's desires followed by the search of the right location, suitable vendors, the definition of the style, theme and tones of the day.

The aim is to always go beyond the expectations of the bride and groom!

1 TIMELINE

We always share with our couples a 'timeline' covering all months from the starting of the planning to the wedding day. It's important that we are all on the same page during all the phases of the planning to be aware of what is done and what still needs to be done.

2 EXTRA SERVICES

Following our clients' needs we offer tailor made services, may these be the creation of a wedding website or taking care personally of every guests of the wedding through several targeted benefits.

Design

STYLE YOUR WEDDING

Blanc Wedding's twenty years experience makes real what in general tends to be just imagined by the bridal couples.

A deep study of the couple's preferences will transpose their dreams into something evident. This is also achieved through a fun and efficient instrument allowing the creation of a moodboard with our graphic designers. Every couple will have its own colour palette with inspirational pictures to conceive all the elements of the wedding day, from the flower decorations to the set up of the reception tables, the escort cards, the welcome bags and the guests favours. Rely on Blanc Weddings for the design of your wedding day, you won't be disappointed!

It doesn't matter if it's about a small wedding or a big event, what matters at Blanc Weddings is to realize your dream wedding day!

Bride and groom are the focus of the wedding days but guests have our same attention with assistance and tailor made services, from their arrival to Italy to their departure. There are so many ways for them to enjoy their Italian stay and all of their requests will be satisfied.

The team members will be present on your wedding day and also available for the coordination of all the unforgettable experiences that Italy only is able to offer!
